## TMX™ 1305 RIBBONS.

Resin enhanced wax ribbons that provides higher abrasion/smear resistance compared to standard wax when used with Duratran I / Uncoated, Duratran II / Coated papers and certain synthetic materials.

I90658-0	TMX 1305	90	450	20	in	1*	o
I90659-0	TMX 1305	110	450	10	in	1*	
I90660-0	TMX 1305	154	450	10	in	1*	

## TMX™ 2010 / 2020 / 2040 / 2060 / HP RIBBONS.

Mid range premium wax-resin ribbons that provide enhanced abrasion/smear resistance and high image quality when used with Duratran II / Coated papers and synthetics.

I90664-0	TMX 2070	154	450	10	in	1*	x

**TMX™ 3710 / HR03 RIBBONS.**

Durable resin ribbons providing excellent high resistant images on Duratran Polyesters and other high end synthetics.

UL approved with our Duratran High Gloss Polyester.
